Rob:

Thanks for checking. That date unfortunately does not work for me. I am away for the school break with the family all of next week.

Jason

Hello Bob, Lorenzo, Jason P and Jason F

I want to know if you might be available Tuesday April 18, suggesting 11:30 AM or 1:30 PM for the teleconference. I'm already scheduled to be in field on travel Wed April 19.

Please let me know ASAP.

Thanks

Rob Alvey

**Subject:** RE: Telecon re: VPB and well database (GIS) (scheduling request)

Rob –

Good speaking with you at the RAB.

For all of you on the cc list – we will host a webinar on the Geocollector database for NWIRP Bethpage to illustrate its capabilities. It shouldn't take more than 30 minutes min to an hour max, depending on questions. Following that, we will arrange to provide unique user access.

The preference is next Tuesday or Wednesday – our GIS architect is on Central time, so keeping that in mind, can you weigh in on available times so that I may schedule the session?

Thank you –  
Brian

**Subject:** Telecon re: VPB and well database (GIS)

Hi Brian,  
Glad to have had the opportunity to talk with you at the RAB meeting last week. It was a productive meeting and I appreciated hearing the status of the continuing Navy VPB drilling and monitoring well installation effort. We would appreciate your offer to schedule the teleconference as to access to the “GIS” compatible database. Jason Finkelstein with USGS, myself, and Robert Simpson our EPA GIS expert, would be the primary participants.

Regards  
Rob Alvey
